It was confirmed the power to street lights at Elizabeth Close and Middle Street has been transferred and the lights are working. A residents' car has been parked by the light at Wheelers Close, so power transfer has been delayed. An error with the type of traffic management required at Betts Lane has meant that this work has also been delayed.

Cllr Frydrych has enquired with the shop keepers regarding length of stay at the parade, however, mixed response from 2 to 4 hours. He will look at a 2 hour maximum stay & how the Parish Council could enforce it and will discuss with District Cllr Bassett.

### **13. Request from resident. DJ/K Carter**

Resident Bob Bray had requested that the rules for Councillors and code of conduct was discussed at a Council meeting.

Bob Bray was unhappy how Cllr Clarke had dealt with his recent planning application. He felt that Cllr Clarke didn't make her comments known at the Council planning meeting with his planning application and that, sometime later, Cllr Clarke contacted EFDC directly with her comments.

Cllr Clarke replied that she had abstained from voting at the Council meeting and that she could write to EFDC with her comments, after it had been considered at Council planning meeting. She had informed Bob Bray about this but there appears to have

been a miscommunication. She advised that it was her own comments and nothing to do with the PNGB group & unsure why Bob had thought this.

It was agreed that clarification would be sought with EFDC that a Cllr can respond to a planning application as a resident.
